IDEATION PHASE — ARTIFACT 03

Empathy Map Canvas

Target Persona: High-Net-Worth Luxury Resort Guest ("Eleanor Vance")

Persona Description: Frequent luxury traveler, values privacy, seamless tech integration, prompt custom services, and effortless luxury without administrative overhead.

1. EMPATHY CANVAS QUADRANTS

THINK & FEEL

- "I expect flawless service given the premium rate I am paying."
- "Why do I need to stand in line after an 8-hour international flight?"
- "I hope they remember my gluten intolerance from my last stay."
- "I want my family's privacy and security strictly respected."

HEAR

- Colleagues recommending high-end digital key solutions.
- Staff radio chatter disrupting peaceful pool environment.
- Front desk staff explaining complex registration procedures.
- Reviews praising resorts with instant mobile concierge access.

SEE

- Long queues at the main lobby reception deck during 3 PM check-in.
- Staff searching through paper logbooks for special requests.
- Beautiful physical architecture hampered by slow operational service.
- Digital tablets in other modern 5-star properties.

SAY & DO

- Requests room adjustments immediately upon stepping inside.
- Asks concierge for tailored local experiential tours.
- Expresses frustration if preferences have to be restated.
- Shares online reviews highlighting service speed and hospitality.

2. PAINS VS. GAINS

PAINS (Frustrations & Bottlenecks)

- Wasting vacation time on administrative check-in forms.
- Miscommunicated special requests (e.g., missed spa reservations).
- Inability to control room ambience easily from bed or mobile.
- Unclear billing items presented upon departure.

GAINS (Wants & Desires)

- Instant mobile check-in & door unlock via personal smartphone.
- Proactive personalized luxury recommendations.
- One-click concierge ordering with live status updates.
- Transparent, seamless, invisible billing and checkout.
